We use the finest natural stones, leather and sterling silver products.

Zhelaine grew up in the Rocky Mountain splendor of Estes Park, Colorado.

Jewelry by Zhelaine, Inc. came to be in 1990 while Zhelaine attended CSU. Through her studies in anthropology she was exposed to wonderful peoples and cultures throughout the world.

In 1995, inspired by the diverse world of Native Americans (specifically Zuni), the STONEessence line was born. It began with a few simple bear and multi-inlay designs. She now includes her staff in the vast array of beading designs. Over the years the lines have blossomed into 400 unique designs, all made and designed by Zhelaine and her small staff of students and stay-at-home mothers.
