Dear Customers and Friends,

As I write, it is our 22nd year anniversary! Zhelaine started as a way to help me fund my college and now has bloomed into an amazing, ever-expanding souvenir line. Thank you to all of our long-time customers who have continued to support and grow this business to what it is today! Because of all of your requests for something new, you have kept me on my toes searching for the newest trends. I love designing and creating with all the many stones and gemstones in our world. I continue to search for that next "big thing" that will inspire us and ultimately our customers! It is my desire to continue providing unique, high quality products, the best customer service and competitively priced handmade jewelry from Colorado! I believe that we small business owners are the backbone of our nation! We will provide the artists a place to thrive and give our customers a product of value that can last for years to come.

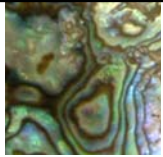

Here's wishing you the very best in 2012! Heather Zhelaine
